

SCIENTIFIC COORDINATORS
FEDERICO CAPPUZZO IFO-ROME
LORENZA LANDI IFO-ROME

14:30 **Introduction** Federico Cappuzzo (Rome)

CURRENT RATIONALE FOR THE SELECTION OF IMMUNOTHERAPY

14:40 **Biomarker tests in metastatic NSCLC** Lucio Crinò (Meldola - Forlì)

14:50 **Role of PD-1 and PD-L1** Silvia Novello (Turin)

15:00 **How homologous recombination repair deficiencies (HRD) and DNA mismatch repair deficiencies are impacting decisions to use immunotherapy**
Federico Cappuzzo (Rome)

15:10 **Discussion on session topics**

EARLY STAGE NSCLC

15:15 **PACIFIC 5-years survival data: Is the milestone reached for talking about curative intent?**

15:20 **Do we have any news regarding early stage of NSCLC treatment? Is there any role for precision medicine in this disease setting?**
Federico Cappuzzo (Rome) - Lucio Crinò (Meldola - Forlì)
Silvia Novello (Turin)

HOW TO DETERMINE WHEN TO USE MONOTHERAPY VERSUS COMBINATION THERAPY?

15:30 **When immunotherapy as monotherapy is appropriate** Silvia Novello (Turin)

15:40 **When immunotherapy combinations with chemotherapy are appropriate**
Federico Cappuzzo (Rome)

15:50 **When IO/IO combinations are appropriate**
Lucio Crinò (Meldola - Forlì)

16:00 **Discussion on session topics**

NEW DATA ON IMMUNOTHERAPY

16:10 Federico Cappuzzo (Rome)

- **Cemiplimab mono vs platinum-doublet chemo**
- **New combinations - anti-TIGIT agent**

16:30 Lucio Crinò (Meldola - Forlì)

- **Mutations and irAEs predicting IO response**
- **Pembro + ipilimumab vs pembro monotherapy**
- **3-year survival data**

16:50 Silvia Novello (Turin)

- **What to do with patients progressing after IO**

TARGET THERAPIES. EMERGING DATA ON NEW AGENTS THAT WILL IMPACT OUR STANDARD OF PRACTICE

17:10 **EGFR TKIs including exon 20 inhibitors** Silvia Novello (Turin)

17:20 **HER2 inhibitors** Federico Cappuzzo (Rome)

17:30 **ALK, ROS1 and KRAS inhibitors**

17:40 **OPTIONS IN Rearranged NSCLC**

17:50 **Discussion: new approach for oncogene addicted NSCLC and implications for immunotherapy particularly in KRAS mut+ STK11+ All panelists**

18:00 **Take home message** Federico Cappuzzo (Rome)
